Dietrich College Strategic Plan

Cultivate and foster a sense of belonging where all of our members can reach their full potential.

THE STRATEGIC PLAN

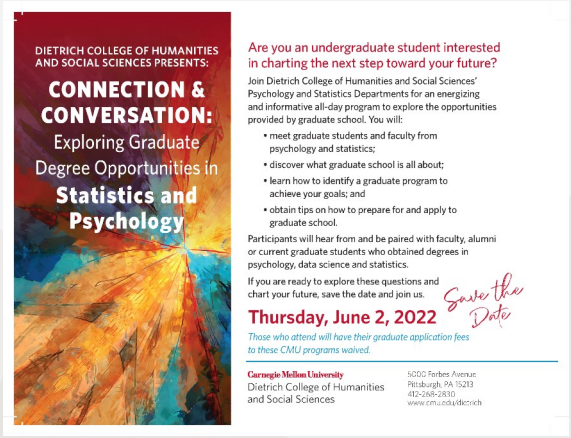

The DEI Strategic Plan identifies short-term, intermediate and long-term goals to achieve within the next 5 to 10 years. Although each of our sub-groups worked independently, their work yielded three shared priorities.

SHARED PRIORITIES		
1. Recruit, hire and retain talented **faculty and staff that contribute to our diversity and inclusion goals.**	**2.** Recruit, enroll, retain and graduate **talented undergraduate and graduate students that contribute to our diversity and inclusion goals.**	**3.** Expand an **inclusive college community environment.**

The subgroups also submitted many strategies to help Dietrich College achieve its goals. Below are common strategies proposed by the sub-groups, which can be used as overarching strategies for our work.

OVERARCHING STRATEGIES			
1. Recruit from the broadest possible pool of exceptional talent, while increasing resources, access and equity in the process.	**2.** Encourage all members of the college community to contribute to diversity, equity and inclusion efforts.	**3.** Develop academic and mentoring strategies that concurrently support the principle of academic freedom and advance a culture of mutual respect.	**4.** Convey, through its transparency, messaging, accountability and evaluation, how our diversity, equity and inclusion goals contribute to our pursuit of academic excellence.

CMU Dietrich DEI Post-Event Data Collection Form

This form typically takes **three to five minutes** to fill out.

Why fill out this form?
This form aims to track and better understand events, educational opportunities, and outreach efforts driven by our departments that support our strategic plan for diversity, equity, and inclusion. In doing so, this form will aid in our ability to align college-wide efforts, advocate for support, and discover the impact we achieve through all of our work. We thank you for your ongoing and meaningful contributions to this effort.
