**User Testing (Round 2)**

1. [redacted]
2. [redacted]
3. [redacted]
4. [redacted]

**User Testing Findings (Round 2)**

1. Flaws / Changes Implemented in V7 ✔
    a. [redacted]
        i. Adding Descriptions
            1. In the question under "Event Description", you can say "what is this event about?"
        ii. Wordings
            1. When you say 'which type', 'which platform', 'what is the region', can you elaborate more?
            2. When you say "which group does this address", can you say "which group does this event address"?
            3. Can you reword/ elaborate on "partner contact information/ institution name"?
            4. "Why do you think it's successful? Or not successful?" consider language like: "Elaborate on why you think the event was successful or not". Same for "Why or why not would you do this event again?"
            5. Can you reword this question: "Would you repeat this type of event?" and this question "How many people did you expect?"
        iii. Date/Time/Location
            1. Have you considered having event time as a date field and having location separate and pre-populated list? This will ensure consistency of format which will make it easier from a data analysis standpoint.
                a. Event time/location -> Add a date field first, she says. Also, make two separate fields?
    b. [redacted]
        i. If we require an event followup, who do we contact -> ask for name & email.
        ii. Add: this might only take three to five minutes.
2. Obstacles / Main Feedback
    a. Team Feedback

i. Event Title / Event Description → Should it be initiative title / initiative description???
ii. add an additional question: "Is this a recurring event?" It seems from our tests that some events are series and adding this question might allow Ayana to filter by either recurring vs. one-off events. BUT, it definitely is similar to the existing question, "Would you hold a similar event in the future?"
**iii. <others>**

b. [redacted] feedback first here
i. For "Did/Will you conduct a post-event survey?" did you want a link to the survey results? LINK?
ii. When you ask 'was the event successful', can you perhaps elaborate on what you mean by successful as it can mean different things by different metrics?
iii. Why are you requiring some questions only. Do you have a rationale for that?

c. User Testing - [redacted]
i. Concern - Available to only CMU users
ii. Not clear what a post-event survey is. Makes her not confident and not sure how to fill out the form.
**iii. <additional comments>**

d. BOTH
i. DESCRIPTIONS!!!

**User Testing (Round 1)**

5. [redacted]
6. [redacted]
7. [redacted]

**User Testing Findings (Round 1)**

3. Flaws / Changes Implemented
    a. Infinite loop with Educational ✔
    b. Automatically collect emails ✔
    c. Missing departments (9? Or 11) ✔
    d. Add text box for "Why do you think its successful?" ✔
4. Obstacles / Main Feedback *(BULK OF IMPORTANT INFORMATION!!!)*
    a. Coming up with a description on the spot
        i. They will become familiar over time
    b. "How is this led?" → confusing
        i. Difference between college-wide vs university-wide?
        ii. "Who is the audience?"
            1. Department-only
            2. Open to entire Dietrich college
    c. Applies to outreach but not recruitment??
        i. Could use wording of and/or
    d. "Would you do this event again"?
        i. Would not do the exact same event ... would you repeat this type of event?
        ii. Why would you do this event again? (optional) **(required)**
    e. More defined prompts / better descriptions (specific language) work on
    f. Better title → work on (DEI Information Collection??)
    g. Already filling out in 6 places?
        i. Monday mailer, academic advisory center, dietrich college calendar, university calendar, website, social media channels
        ii. Different (collecting different information, after the fact)
        iii. [redacted] → figure out these ^^^^
    h. Goals... bad to have multiple goals / repeat answering **[ASK FOR FEEDBACK]**
        i. Recruitment
        ii. Educational (outreach) opportunities to teach / improve knowledge / build awareness
            1. Add K-12 to group
        iii. Community Building
        iv. Remove the apply to another goal

        v. **Keep things same column**

5. Other Suggestions
    a. Ask for event contact at the start
        i. **After description**
    b. Add (optional) for # of ppl
        i. Should we do this for all optional questions?
        ii. Just *required* parentheses
        iii. How many people did you expect ?
    c. Rephrase all to question format → ending in "?"
        i. Do this
6. Great Comments
    a. Volunteers get lost in creating events, nice if the form can help keep them thinking about the strategy—why they're hosting events and to what effect.
    b. Explain goal at the start: tell volunteers it will cut down time writing tedious emails communicating data to Dietrich DEI office, reduce the number of tedious emails.
7. User Testing Contacts
    a. [redacted] - English (contact from [redacted]
    b. [redacted] (contact from [redacted] !!!!
    c. Also [redacted] (from [redacted]
        i. Maybe [redacted] → communication
        ii. https://www.cmu.edu/ips/people/index.html
    d. We should do someone in IS [redacted]
8. Would like to be contacted again in the future (after future iteration)
    a. [redacted]
9. Big Supporter
    a. [redacted]
